**M**r. Tueller—a University of Utah cum-laude graduate in mathematics and a University of California at Berkeley law-degree holder—has a national reputation as a tax-exempt trust expert, being one of the country’s top practitioners in this field. He is a co-founder and chairman of **Premier Administration**, a company specializing in charitable trust administration, and also founded the charitable and tax-exempt organization section of the estate-planning department for the law firm of **Bennett Tueller Johnson & Deere** in Salt Lake City.

*Alden B. Tueller, J.D.*

As a member of the bar in New York, California, Utah and Washington, he has a wealth of experience in designing, developing, and administering thousands of tax-exempt trusts and organizations, with a total initial funding in excess of \$1 billion. He regularly consults with financial professionals, donors, colleges, churches, hospitals and nonprofit organizations nationwide to assist them and their clients with tax exempt estate planning.

In addition to his hands-on experience, Mr. Tueller authored numerous publications on charitable planned giving. They include: *The Professional Reference Manual for Charitable Giving* published by the LDS Foundation (later titled, *The Planned Giving Desk book* and published by the Taft Group of Kensington, MD and Detroit, MI); four editions of *The Practical Guide to Planned Giving*, all published by the Taft Group. He also published *The Planned Gifts Counselor*, a monthly newsletter for the nonprofit community, which he co-authored for thirteen years.

To benefit charities in future years, Mr. Tueller also made significant contributions to the education of a future generation of professionals in this field. He taught a tax course entitled “Charitable Organizations and Charitable Contributions” at Brigham Young University Law School, served on the board of the National Committee on Planned Giving, and sat on the Council for Advancement and Support of Education (CASE) Commission on Philanthropy.
